Summary

Full-stack developer and freelancer based in Ghana with 4–5 years of hands-on experience building production web applications, mobile UIs, and digital platforms. Proficient across the Laravel and React ecosystems, with additional experience in graphic and 3D design. Seeking full-time or freelance opportunities to deliver clean, scalable digital products.

EXPERIENCE

Software Development Intern

2023 – 2025

Institute of Modern Technologies Ghana

- Gained hands-on experience across web design, game development, and mobile UI design over a 2-year internship programme.
- Worked on real-world projects covering frontend development, responsive design, and interactive interfaces.
- Applied graphic design and 3D design skills to complement software deliverables.

Freelance Full-Stack Developer

2022 – Present

Self-employed · Ghana

- Designed and shipped production web apps for NGOs, healthcare institutions, and businesses across Ghana.
- Built and deployed Nudge (invoicing), OPH.edu.gh (ophthalmic hospital site), Dondee Foundation (NGO), and Spring of Hope (assisted living).
- Managed full project lifecycle — requirements, development, deployment, and client handoff.
